

CINDY ARONSON

Corporate trainer and keynote speaker

Our most requested programs:

The Leadership Development Series

This 10 module series, with follow-up personal coaching, prepares new and existing leaders with the right mindset and skill-set for successfully leading an engaged team in today's workplace.

In The Age of HCAHPS for Hospitals: Discovering W.H.A.T. Leads to Always

Our service excellence workshop is designed especially for hospitals assessed by HCAHPS. This dynamic workshop will encourage your best team members to stay on track, keeping the momentum of excellence going – and it will re-engage those who may be disconnected from their commitment and purpose. It focuses your entire team on wanting to create a more positive patient experience in the areas assessed by the HCAHPS survey.

Engaging Today's Workplace

In a very brief time, the world around us has changed profoundly. Seizing the opportunities these changes bring – while solving their challenges – requires savvy businesses to explore new thinking, creative ideas, and fresh approaches. Our **Generation Mix** and **C Jane Workshops**® assist you in doing just that. They'll help you to understand and engage the insight, perspective, and wisdom diverse team members bring to your team.

Keynotes, Half & Full-Day Workshops

Many of our programs can be fit to the segment of time you have available. We can ensure program content meets the specific needs or concerns of your unique workplace.

Partial Client List:
